

Five dog owners met at the park: Lobo, Cheeku, Pintu, Mickey and Kamal. Lobo studies in class 4. Mickey and Cheeku are best friends. Kamal is the distant cousin of Pintu, who is in the same class with Lobo. Cheeku and Kamal are neighbours.

The five dogs are: Buggy the Bulldog, Dolly the Dalmatian, Lima the Labrador, Babloo the Beagle, and Cookie the Corgi.

Use the clues and solve the problem by finding the owners of the dogs.

- 1. The dog belonging to Pintu is neither a beagle nor a corgi.**
- 2. Dolly's owner's name has 3 vowels.**
- 3. The bulldog is very lazy and is owned by Kamal's cousin.**
- 4. Lima's owner and Dolly's owner are neighbours.**
- 5. Cheeku's best friend takes care of the beagle.**

Match the owners to the dogs. Take help of the clues.

1. Lobo	
2. Cheeku	
3. Pintu	
4. Mickey	
5. Kamal	

Answers

1. Lobo	Cookie the Corgi
2. Cheeku	Dolly the Dalmatian
3. Pintu	Buggy the Bulldog
4. Mickey	Babloo the Beagle
5. Kamal	Lima the Labrador
