## Trip Diary

### WORKSHEET 2

Aryan and Kabir have just returned from a world trip with their families. Aryan had noted down all the details of their adventurous trip in his diary. Check this table from the diary:

FROM	TO	DISTANCE (in km)
Washington DC	Los Angeles	3876
Los Angeles	Tokyo	9340
Tokyo	Mumbai	5460
Mumbai	Athens	5346
Athens	Paris	2314
Paris	London	356
London	Washington DC	6045

Read the excerpts from the diary and fill in the boxes with the correct numerals to answer the questions.

3<sup>rd</sup> May, LA

*I have always wanted to visit this place. Every time I watched a Hollywood movie, I wondered where the movies are actually made. Finally, I'm in the land of Hollywood!*

1.

What is the estimated distance from Washington DC to Los Angeles, rounded off to the nearest 100 km?

Answer: \_\_\_\_\_ km

2.

7<sup>th</sup> May, Tokyo

*The Land of the Rising Sun, it is! This place is so magical and peaceful. The people here are wonderful. The Imperial Palace was truly majestic. We are on our way to the Ueno Park now!*

What is the total distance travelled by them from Washington DC to Los Angeles to Tokyo? Give your answer to the nearest 10 kilometres.

Answer: \_\_\_\_\_ km

3.

15<sup>th</sup> May, Athens

*I could never imagine a city could look this mysterious! There is something about these ancient buildings that makes you curious all the time. Oh! The cab to Acropolis has arrived. Kabir is particularly excited about this one. Let's find out!*

**How much further is the trip from Mumbai to Athens than the trip from Washington DC to Los Angeles?**

**Answer:** \_\_\_\_\_ km

4.

19<sup>th</sup> May, Paris

*Bonjour! I'm so happy today! I finally got to see the Eiffel Tower. Kabir and I rented bicycles and we went for a cycle tour around the city. The cafes out here serve such delicacies. We clicked a lot of photographs too.*

**If Aryan and Kabir rented the bicycles at 11:25 a.m., and returned them at 3:15 p.m., for how many minutes did they cycle around the city?**

**Answer:** \_\_\_\_\_ minutes

**26th May, Washington DC**

*Phew! We are back at home. Lots of adventure, lots of memories! And lots of stories to tell my friends!*

**If the trip started on the 2nd of May, what was the duration of the trip?**

**Answer:** \_\_\_\_\_ days

## Answers

**Answer 1: 3900 km**

**Answer 2: 13220 km**

**Answer 3: 1470 km**

**Answer 4: 230 minutes**

**Answer 5: 24 days**

**- X -**
